

National
Brain Tumor
Society

A Wine Tasting
July 27 at 6 PM

**Together,
we can make a
difference in the
fight against
brain tumors.**

Today, nearly 700,000 people in the United States are living with a primary brain tumor. In 2017 alone, an estimated 3,500 new cases in the Tri-State area of MD, DC & VA, will be reported. The need for a cure is critical. We thank you for helping us get one step closer!

The National Brain Tumor Society is a registered 501(c)(3) (04-3068130) and all donations are tax deductible to the fullest extent of the law.

Funds raised through every National Brain Tumor Society event allow us to:

- Drive groundbreaking research initiatives aimed at creating new therapies for both adult and pediatric brain tumors such as glioblastoma multiforme (GBM) and oligo- dendrogliomas, as quickly as possible.
- Empower the brain tumor community to advocate for vital government programs and policies to strengthen research and improve access to essential health care services.
- On average 80% of every dollar is invested back in to our mission.

The Need for a Cure is Critical:

- Brain tumors strike men, women, and children of any race, and at any age.
- **Brain tumors are the number one cancer killer of children under 19.**
- Brain tumors cannot be prevented, and no cure exists today.
